“ Pat was one of the few supervisors at KTP that was really liked because he seemed to care about what was going on in their lives. He seemed to enjoy talking and cutting up to the line workers and he didn't mind telling people when they were wrong. I was forever grateful to him for helping to cover me when I came back to work after lung cancer surgery and my FMLA had not started yet. Pat and Chuck Thratcher made sure I was covered to get my chemo treatments. He will truly be missed by everyone who knew him. God bless his family.

“ Pat was a great guy, really understanding and FAIR supervisor. I and all of us on Chassis 2 team B day shift are going to miss him. I know he's made it home to a better place, and we'll see him again.
