“ I work at Dixie Elementary and every morning I greet the buses as they come into school. I will miss Mona's smiling face and the exchange of stories of our children. She touched many children's lives and made their ride a positive experience. My prayers are with your family and may God comfort you in this time. My sincere condolences to you all.

*With deepest sympathy,
Kai Hardison*

AS

“ I know she loved her children, grand children and Kokomo Joe. Always good natured and had a zest for life. It burdens me she had to leave so soon. I wish everyone could have Mona in their heart and soul.
