“ I had the sincere pleasure of working with Becky to manage the UPS Airline tire program. She was always a joy to work with and when I first met her, I thought she reminded me of the perfect Librarian. She was petite, quiet, well-poised....BUT, she was always good for a laugh. I fondly remember her making sure I got my Derby Pie when visiting, and remember that hugs were always in order when leaving after a visit. She comforted me on the phone after my wife's sudden death and encouraged me as I took on the responsibility of being a single parent to two young boys.

Unfortunately, I did not know of her passing until afterward. I do want to share the above pleasant thoughts and memories with her family and I want them to know that they are in my thoughts and prayers as they grieve the loss of their loved one. I hope that your memories will bring you peace and comfort, and even a smile as you remember what a wonderful woman she was. Mike Rhoads (formerly with Michelin - Greenville, SC)

“ Jerry, Denise and Debbie
So sorry for your loss . I know there will be difficult days ahead ,but memories mend a lot of sorrows .
Please let me know if I can help in any way . I am sorry I did not get to see you all.
