“ Glenda,
I was so very saddened to hear about Bobby. My thought and prayers have been with you and your family since I heard the sad news from Virgil Hall. I have wanted to call you but have been unable to find your phone number. I still remember the last time we spoke and Bobby was teasing us in the background about getting even with me for introducing you to each other. Once he met you his life changed forever and he was incredibly happy. I was very privileged to have known him since grade school and to have you as a friend.
I would love to be able to talk to you sometime.
