“ I worked with Roy in the Utilities Dept. at Rohm & Haas fro 23 years, taking the old Carbon Carbide plant out of mothballs and thus the beginning of the Rohm and Haas Louisville plant. The River Pump House, Water Treating, H&R and Power House were all sluggish to wake up but he got the job done. Roy could fix anything and always had an idea on how to do it right. He was a good man, will surely miss him. Another old soldier gone. We pray for God's Peace and Comfort for the family.
