“ *Stefanie was the cousin who always reached out and was so excited to see or hear from us. She was constantly sending messages of love and kindness. Little hearts and messages that would say I love you and I'm thinking about you. She would message me on mothers day, around my mom's death anniversary and on my mom's birthday to just remind me that she remembers her too. That she loved my mom and that she's not forgotten. Stefanie, you are not forgotten. Your kindness does not go unnoticed. I will remember you at your best. I will remember you like we were when we were young. When you would hold me on your lap, hold my hand when we walked, and play with me in your mom's backyard. I'll remember how you made me feel important when I came around mom's family and would sit with all the older cousins. I'll remember how later in my life you comforted me losing my mom. I'll remember how much life you had and how outgoing you were. Love to you sweet Stefanie.*

To Justin and Crystal. My mother was nearly the same age as your mom when she passed. I feel so deeply for you and your loss. I've found that my mom is now my guardian angel. She's making moves and taking care of me from afar. She makes things happen like only a mother could. I pray you'll come to see the signs of your guardian angel mom. She will be with you always. I pray that you will find peace and comfort in the days to come. I send you the biggest of hugs.
