“ *How lucky we were. The friends, the coworkers, the sons from other mothers. The ones you chose to love day after day, year after year. You changed our lives for the better without even trying, just by being you. You were a gift and we were the lucky recipients. I can only hope to live my remaining days by your example of love, joy and good vibes only. I'm forever thankful for you. XOXO Apie.*

“ *So many memories. I am so grateful we had 30 years of being bestfriends. My life will forever be changed. You took a big piece of me with you but left me with a life time of laughs, cries, and cherished moments. You were my rock and I was yours. I hope your walking on a beach somewhere with a big fatty in your hand. I know how you loved the beach. You had so much more living to do and I know there were so many more places you wanted to see. So I hope you are traveling like you wanted. NOW YOU GET TO SEE IT ALL!!!! Your heart was as big as the moon and ohhh how you loved your boys. Even the ones you didn't birth. They all miss you already. I love you my friend and one day we will see each other again but until then hold down the fort til I get there. Big hugs xoxoxo Your forever friend Shannon*

“ Hi!

I worked with Tammy at Humana. In February 2019, I came to Louisville as a part of a training. She took time out of her day to sit and explain the compensation process with Karisse from Hawaii and myself. I had been in my role for a month and was so overwhelmed. She cared for us like a mom would. Over the last 3 years, it seemed like to took extra care to help us. She may have been like that with everyone, but it felt special to me. She has been a calm in my storm that I will forever be grateful for. I'm sorry she is no longer with us. The world is a little dimmer without her.
