Tom was a passionate businessman where he was founder and President of Nature's Mulch and Landscape Supply. Previously he ran a landscape company for over 20 years that he and his son Anthony started and was a local grocery manager for 25 years. Tom had a very strong business mind and truly enjoyed his work. His love was in helping others become successful. He was an avid Green Bay Packer fan enjoying many NFL games, including their Super Bowl win in 2011, with family and friends; and enjoyed his lake and boat time calling it his "place of peace". Tom was known to have the largest

His greatest joy was his family, he truly adored his children, their spouses, and our grands. Anthony was his close friend and GB Packer Buddy. Brittany was his little butterfly that always enjoyed fun and laughter, sharing time at the lake with dad. Tom was extremely proud to see his children earn college degrees. His grandson Landon became his close “buddy” that enjoyed his time with Grandpa. They shared a very special bond, handshake, and lake music. Granddaughter Elena, his first princess, loved to snuggle and had a sweet smile and love for Grandpa. Granddaughter Sophia, his 2nd princess, was his little firecracker, always with a big smile and being a jokester with Grandpa. To honor his wishes, cremation was chosen. In lieu of flowers, Tom asked if you consider becoming an organ donor. Tom was able to donate his corneas. There is no greater gift than the gift of life. Plan to come and share your story or special memories of Tom. The Bell family would like to thank everyone for their support and love during these last 6 months. Especially to the Selby family – Evan, DeNishia and Matthew. Evan was like a son to Tom. They shared a very close business and personal relationship.

As Tom believed – Dream on Dream on until your dreams come true.

“ I worked under Tom in the grocery business for years then later he was a customer of my printing business when he started his landscaping business. As a boss he always treated me with the utmost respect and I considered him a friend as we later grew our businesses together. God Spede Tom.

“ Tom was a GREAT friend and fellow outdoorsman. We enjoyed two great elk hunts in Kentucky and Idaho and a fantastic moose hunt in Canada. I also helped Tom with his Lawn Service when Anthony was attending U of L. We always had fun times and enjoyed each others company. I will surely miss Tom greatly. “ *I know Tom for 22 years and our relationship has grown from being someone that he did a little business with, to mutual respect and trust. I had many lunches with Tom sharing good times and some not so good. I believe he looked to me for advice with some of his major decisions however he always had clear direction. In fact I always felt that Tom also gave me the same, a clear direction. When Tom focused on what he need to-do he was unstoppable with his business as well as his family which he always spoke of. I remember Tom's challenges of working with Value Mark starting his part-time lawn business and how they grew it into Natures Mulch. The last few times together we talked of how he was going to retire early and wanted to travel as I discussed with him the many place I have been blessed to see in my life. He was always swollen with pride of his children and there accomplishment being so focused on there life. He always commented on how Lynne was the person that kept his business together as a true partner in his life. He was looking so forward to being able to enjoy a retirement which I am so sadden he never got to enjoyed. The last time we had lunch we discussed his trip to California and how much he enjoyed that trip. He showed me such strength for what he was to face, we both cried a little and prayed.*
