“ I was a waitress at Legacy, and one day I was waiting on Tiffany. I maybe had met her once. She asked me about my day and I poured out to her about my hard times and I don't know why. She left me the biggest tip I have ever gotten and it brought me to tears. She was absolutely beautiful inside and out and I will never forget the way she made me feel that Day.

“ Tiff was the best! She loved to a fault! Although I couldn't reach her & couldn't get to the bottom of her troubles I loved her dearly. She loved with all her heart. My heart breaks for her! I hope she knew she was loved & wanted. I'm so sad the hearing of her passing has taken me back to the fun times we had and all the laughs! She was so very funny! Sweet child of mine I hope you dance!

“ A Soul Survivor no matter what situation Tiffany was in she knew how to survive . She enjoyed Hip Hop Music ,Dancing , And Writing . She There was so much potential in her unreached but shown in her own way and no matter who you were it reached you and you saw it . She shared her journey with anyone and everyone the good and the bad , her mind was lost but her heart Is one that never seem to stop loving or caring even in regretful times it kept a beat and a meaning . There is purple rain somewhere and here’s one for you . Best of condolences and love to her family , her parents and god speed memory to her brother .
