“ Dear Anderson Family, I know that nothing I can say right now could possibly take away the pain that you are feeling, but I wanted to let you know how much Troy meant to me...I met him 12 years ago when he became my anatomy & physiology teacher at Louisville School of Massage. His class was the hardest class I had ever taken, including all of my college classes. Troy made me want to learn...he was inspiring, energetic, fun to be around and soooo very smart. His magnetic personality not only made him a great teacher, but a good friend and a mentor. He has remained, through the years, a great chiropractor and one of the nicest people I have ever met. I wrote to him a couple of months ago thanking him for being there for the last 12 years and I told him that I could not imagine my life without him...I am a better person for having known him and I am so very sorry for your loss..you're in my thoughts and my prayers....Debra Thompson

“ I first met Troy when he was 16, and we became fast friends soon after. I always thought of him as the little brother I never had. I will always remember his passionate enthusiasm and optimistic attitude, towards all the challenges he faced. Honest, effusive, buoyant.. are just a few of the many ways he will be remembered. He will be missed...
