“ I had the pleasure of working with Violet as her Aide at Bullitt Lick Middle School in the late 80's or early 90's I a Special Needs Class. We along with another teacher & her daughter went to Nashville during the holidays and went to see the decorations at the Opryland Hotel and to Twitty City which was also the home of Conway Twitty and his family and enjoyed all the festivities and decorations there. We stayed at The Red Roof Inn in Hendersonville & next store was a Strip Mall with a Christmas Shop that had overstock from Christmas Around The World. Unbeknowing to me, she bought me my first Christmas Village House for my Christmas present which started me collecting buildings for my Village. I named it The Holiday Inn from the movie. It was made from plastic but unless you touched it, it looked like ceramic like the others I got later. I love it and put it out every year since then. I went down to Murfreesboro with her one time to meet the lady who she stayed with when she went to college. I can't remember her name. It was something like Ms.Rose. I got to meet her sister Sarah on that trip. I will surely keep Juston and Sarah and the rest of her family in prayer. I had not heard of Milton's passing until I saw it in Violet's obit. I am so sorry about that too. My husband has serious health problems too so I am not sure I can make the visitation, but I sure am going to try. May God give you all peace and comfort.

“ Violet was my sister from another mother, she was my running buddy, we made each other laugh, wipe tears off each other's faces, Seminary was memorable because we were there for each other, and when I decided to switch to teaching, she had my back. At every important life milestone, we've been there for one another. When she had Juston, "we" had Juston. She shared Milton and Juston with me, I will forever be grateful, and will miss her desperately, but because we are Christian's, I know she's in the bosom of our heavenly father, where we shall meet one day, to part no more. Juston, Buky loves you, I hope you know that, and if you need me , please, please do not hesitate to call or let me know. I would have come, but my health would not allow me at this time. I am thinking and praying for you, your aunt and the entire family. Love always, Buky Dawodu.
