“ Mrs. White was the sweetest, most kind teacher that I ever had. She was my 5th grade teacher at Portland Elementary. It was two years after the desegregation and she always treated everyone equally. As a result, we (her students), emulated her kindness and care towards each other. She nominated me for the 5th grade citizenship award and I won. It was a great year! When I became a teacher, I often thought of Mrs. White and how she taught us not only core content curriculum but kindness and compassion. Mrs. White will live forever in my heart. 💕

“ Mrs. White was my fifth grade teacher at Portland. I loved the 4H activities she did with us. I won the outstanding citizenship award because she nominated me. Rest in peace, sweet lady

“ I’m 52 years old and Mrs. White was my fifth grade teacher at Portland Elementary. She’s one of my favorite teachers and her name comes up every now and then and I’ve never heard anyone say anything negative about her. She made a huge impact on many of her students over the years. Prayers for friends and family during this difficult time.
