“ To Linda, Nancy, and Mark. Sorry I can't be there in person today to share this time of grief with you. My health now prevents me from being there. Your Mom & had a unique doctor/patient relationship. With all her medical problems and complaints, she was a challenge. But, I enjoyed caring for her. I know she is at rest now with the Lord and no more suffering. Sincerely, Dr. B. (241-0007)

“ Aunt Winona definitely had a very free spirit about her and loved to joke and have fun. She also had the Thompson attitude when it came to standing up for herself and being serious. She was a determined lady who we will all miss greatly. I know that all the brothers and sisters are finally back together now. I still love thinking about all the family reunions we had and everybody playing guitars and singing. Something that hopefully we can all do again someday. Aunt Winona was a special lady and we will miss her greatly.
