“ Aunt Zelma will be missed greatly. Aunt Zelma always opened up her home to me any time I dropped in to visit. She always offered me coffee or soda to drink and always offered something to eat. I've got so many memories of Aunt Zelma at different stages in my life, from childhood, teenage years and as an adult. I knew that my visit with her in 2011 would probably be my last and I hugged her and kissed her a lot in the short time I was at her house. I love you, Aunt Zelma.

“ Aunt Zelma was like my second Mom at times in my life. I loved her dearly. I'm glad I got to see her and talk to her this past year in September. I know she suffered for a long time. She told me several times that God must have a purpose for her lingering. Now she can rest and not suffer any longer. She can also see all of the ones that went before her like Mom. I wish I was able to travel to be with the family at a time like this but due to my health I am unable. Just know that you all are in my heart and on my mind. Love, Ruby
